

Sustainable Pakistan Movement

Climate Action for Overseas Pakistanis

Water for Life, Trees for Tomorrow

Together We Lead the Nation – For Water, Trees, and Our Planet

www.deliwer.com/leaderboard

Pakistan: Among the Most Climate-Affected Nations

Devastating Floods

- 33 million people impacted by floods (2022-2023)
- Over 1,700 lives lost and 750,000 homes destroyed

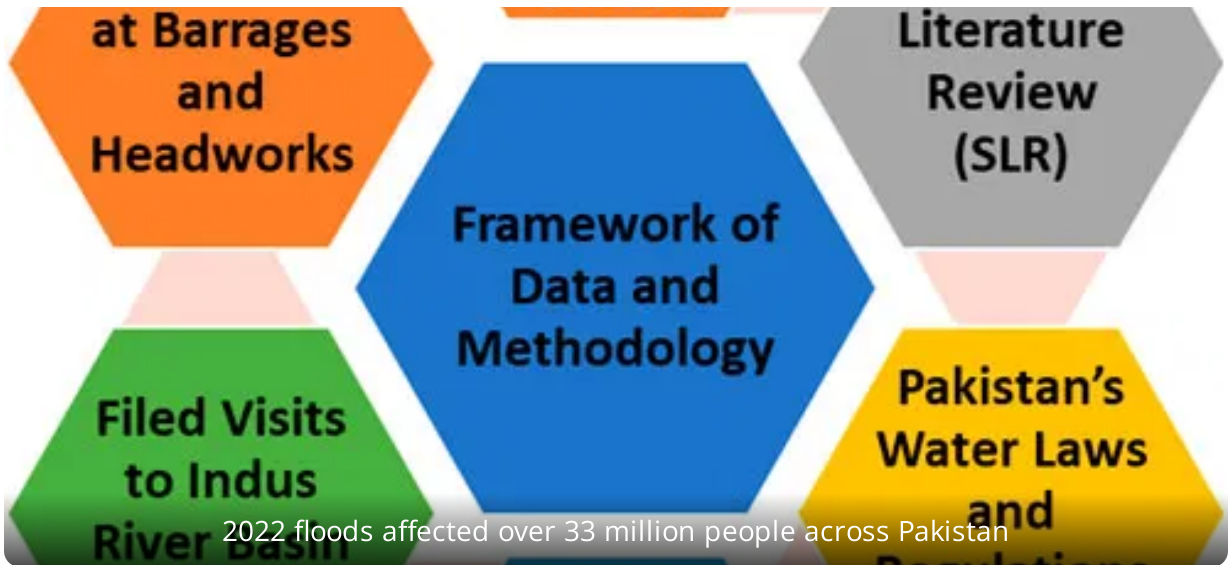

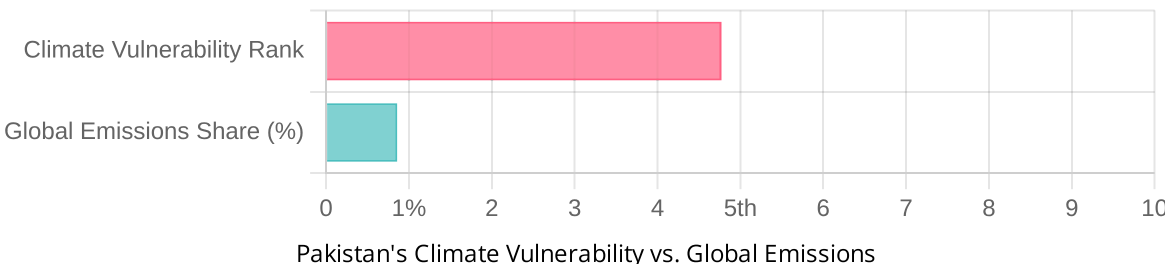

Water Stress

- Water availability per capita projected to decrease
- Melting glaciers threaten long-term water security

Deforestation Crisis

- Only 5.7% forest cover, one of the lowest globally
- 18% decline in forest cover since 1992

5th

Most climate-vulnerable country

<1%

Contribution to global emissions

"Our diaspora can drive real change — starting with overseas Pakistanis."

Sustainable Pakistan Movement: Mission Overview

A community-powered initiative built on three core pillars to address Pakistan's most pressing climate challenges through the collective action of overseas Pakistanis.

Tree Plantation

Reforestation efforts to combat deforestation and improve air quality.

Water Conservation

Sustainable water management practices to address water scarcity.

Flood Relief

Support for communities affected by climate-induced flooding.

+ Planet Points System

A gamified approach to track impact and encourage participation:

- Earn points through sustainable actions
- Track progress on community leaderboard
- Unlock rewards and recognition
- Convert points to real-world impact

Our Vision

"To mobilize overseas Pakistanis in creating a sustainable future for Pakistan through collective action, innovative technology, and community engagement."

Campaign Framework: On-Ground & Digital

On-Ground Initiatives

Tree Plantation Drives

Community-led plantation events in deforested regions with local partner organizations.

Water Conservation Workshops

Educational sessions on water-saving techniques and sustainable irrigation practices.

Flood Relief Support

Direct aid to affected communities through established relief channels and local NGOs.

Digital Engagement

Planet Points Gamification

Earn points through sustainable actions, track progress on community leaderboard.

Social Media Campaigns

Awareness drives with shareable content and challenges to amplify reach.

Youth Activation

Engaging Pakistani youth through schools and universities with digital competitions.

DeliWer Planet Hero: Gamified Sustainability

Seamless Integration with DeliWer

Planet Hero is an intrinsic part of the DeliWer Shopping Metaverse, where users earn points through sustainable actions:

- Trading in old devices for recommerce
- Engaging in water renewability initiatives
- Supporting tree plantation drives
- Contributing to flood relief efforts

How It Works

- 1 **Play** - Complete sustainability missions
- 2 **Earn Points** - Track progress on leaderboard
- 3 **Create Impact** - Support real-world projects

Measurable Impact

Points earned directly translate to tangible support for:

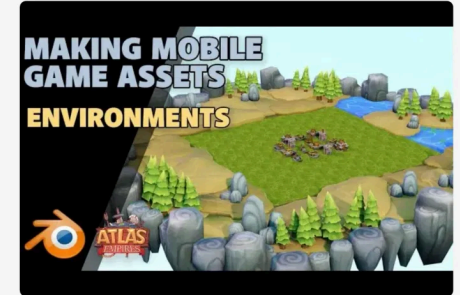

- Water renewability projects for clean water access

Planet Hero: Gamified Sustainability in Action

Seamless Integration with DeliWer

Planet Hero is an **intrinsic part** of the DeliWer Shopping Metaverse. Users earn in-game points through sustainable actions:

-  Trading in old devices for recommerce
-  Engaging in water renewability initiatives

Play → Points → Relief Impact

Successful missions earn points, directly translating into tangible support for affected regions and water projects

Gamification for Global Impact

Leveraging behavioral economics, we incentivize sustainable actions through leaderboards, achievements

Empowering CSR Through Action

Join our corporate partners in making a sustainable impact for Pakistan's future

Tier	Contribution	Recognition	Environmental Impact
 Platinum	AED 10,000+	• Prime logo placement on all materials • Featured speaker at launch event	 1,000 trees  100 water kits
 Gold	AED 5,000	• Featured in all campaign materials • Recognition at community events	 500 trees  50 water kits
 Silver	AED 2,500	• Logo on leaderboard & website • Recognition in quarterly reports	 250 trees  25 water kits
 Bronze	AED 1,000	• Acknowledgment on social media • Name listing on website	 100 trees  10 water kits

All proceeds go toward community missions and verified climate actions.

 Sponsors receive quarterly impact reports with GPS-tagged tree plantation data

From Launch to Legacy: Action Plan & Timeline

Implementation Strategy

Our phased approach ensures sustainable growth and measurable impact.

1

2

3

Phase 1: Launch (Month 1)

- Campaign kickoff at community events
- Online platform and leaderboard activation

Phase 2: Activation (Months 2-3)

- Tree plantation drives in UAE parks
- Water conservation workshops

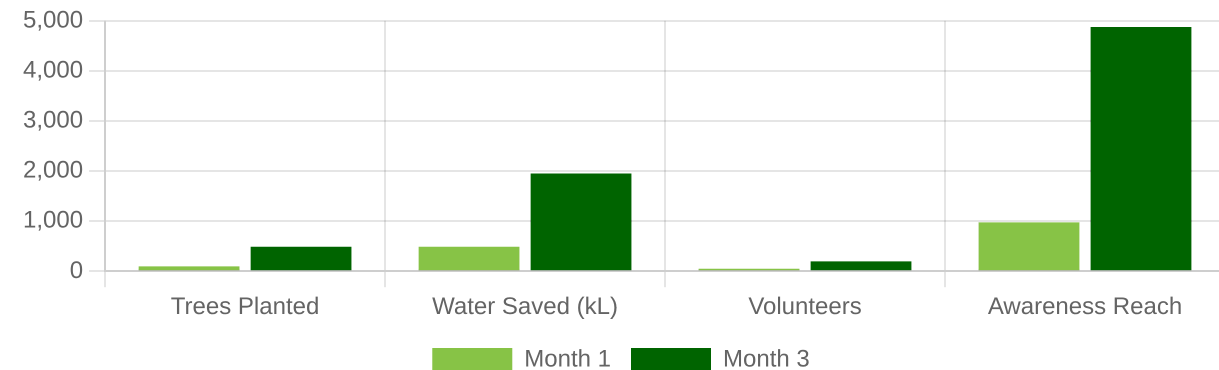

Phase 3: Recognition (Month 4+)

- Leaderboard awards ceremony
- Impact reporting and documentation

Key Performance Indicators

Projected Growth in First 3 Months
